2. HAZARDS IDENTIFICATION

Classification
OSHA Regulatory Status
All Tried & True wood finishes comply with the product safety standards established by the “safe for food contact surfaces” guidelines (FDA 21, Sec 175.300). Our beeswax and natural varnish resin ingredients are non-allergic and non-hazardous. Our products, or any of its ingredients, are not regulated under the Hazardous Materials Transportation Act (Title 40) or the EPA Resource and Recovery Act (Title 49). Tried & True finishes are non-flammable (note: our label should be consulted for safe disposal of wiping cloths due to spontaneous combustion). No heavy metal driers – metallic salts of cobalt and manganese could be a health risk to those who manufacture them. Fume Free – Zero VOC – no solvents or petroleum distillates are present in Tried & True wood finishes therefore, there are no compromises in environmental impact indoor air quality.
