

Dan T. Moore Company – CiiC

Cement Mason

Company Summary: Dan T. Moore Company was founded in Cleveland, Ohio under the guiding principle of finding and solving unmet industrial needs. Operating as a family office, DTMCo leverages our extensive internal capabilities to develop and improve the manufacturing processes of our niche market portfolio companies. DTMCo currently manages 18 portfolio companies and oversees numerous other non-controlling private equity investments.

Objective: We are looking for an experienced Cement Mason to join our Construction/Building Maintenance Crew called CiiC. This individual will Primarily focus on brick laying, tuck pointing, and mortar mixing. They will be responsible to pour, smooth, and finish concrete floors, sidewalks, roads, and curbs. This will involve placing, finishing, protecting and repairing concrete in engineering and construction projects. They will also be responsible for setting the concrete forms and ensuring they have the correct depth and pitch.

Requirements and Responsibilities:

- Apply material to fill gaps in surfaces.
- Install anchor bolts, steel plates, door sills and other fixtures in freshly poured concrete or pattern or stamp the surface to provide a decorative finish.
- Finish concrete surfaces.
- Install metal structural components.
- Install building fixtures.
- Fabricate concrete beams, columns, and panels.
- Install masonry materials.
- Fabricate parts or components.
- Push roller over surface to embed chips in surface.
- Build wooden molds, and clamp molds around area to be repaired, using hand tools.
- Position construction forms or molds.
- Build construction forms or molds.
- Polish surface, using polishing or surfacing machine.
- Smooth surfaces with abrasive materials or tools.
- Apply muriatic acid to clean surface, and rinse with water.
- Clean surfaces in preparation for work activities.
- Sprinkle colored marble or stone chips, powdered steel, or coloring powder over surface to produce prescribed finish
- Mix cement, sand, and water to produce concrete, grout, or slurry, using hoe, trowel, tamper, scraper, or concrete-mixing machine.
- Mix substances or compounds needed for work activities.
- Spread roofing paper on surface of foundation, and spread concrete onto roofing paper with trowel to form terrazzo base.
- Spread concrete or other aggregate mixtures.
- Minimum 5 years experience

*Full-Time Opportunity, Competitive pay based upon experience, excellent benefit package, 401K matching, PTO, and Holiday pay.

**Offers of employment will be contingent upon satisfactory results of a pre-employment drug test, and background check
