

# DRIVEGUARD™ CHUCKHOLE COLD PATCH

**PREMIUM**

Now, the product used by professionals in repairing concrete and asphalt is available for consumers. Years of Research & Development and the latest technology have produced the finest cold patch for asphalt or concrete repair on the market today.

DRIVEGUARD offers you the same patching material approved and recommended by State and Local Highway Departments and Professional Contractors in convenient 50# bags or 5 gal. pail with a shelf life of up to 2 years.

Use DRIVEGUARD Chuckhole Patch and save on repairs. It's easy to use and can be applied in any weather. Achieve a professional and permanent repair (when used over a solid base) in just 3 easy-to-do steps.

#### SELL THE DRIVEGUARD PREMIUM ADVANTAGES:

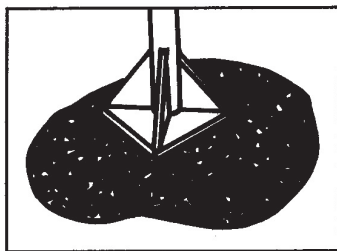

1. Minimal tools
2. No heating, primer or tack coats
3. Easy application, in any weather, with expert results
4. Permanent repairs

**PREPARE** by sweeping out dust and debris . . . remove loose pavement fragments from area to be patched.

**APPLY** Pour or shovel into the area. Level higher than desired depth to allow for compaction. Important! Do not patch over mud or clay. Works best over solid base.

**COMPACT** with a tamper, shovel, roller or by placing a board over filled area and driving back and forth over the plank.
